

Foreign Workers' Medical Examinations Surveillance System

ANNOUNCEMENT

THE IMPLEMENTATION OF BIOMETRIC FINGERPRINT VERIFICATION SYSTEM IN FOREIGN WORKERS' MEDICAL EXAMINATION FOMEMA®

DEAR VALUED CUSTOMERS,

FOMEMA® is pleased to inform that the Biometric Fingerprint Verification System will be implemented in stages at the selected FOMEMA® panel clinics and X-ray centres in Wilayah Persekutuan Kuala Lumpur, Wilayah Persekutuan Putrajaya and Selangor this month and to be fully effective in April 2019. These selected panel clinics and X-ray centres are FOMEMA® panel clinics & X-ray centres that have been supplied with the Biometric fingerprint reader.

This Biometric Fingerprint Verification System is one of the system improvements in foreign workers' medical examination to assist FOMEMA® panel clinics and X-ray centres to verify the identity of each foreign worker undergoing FOMEMA® Medical & Chest X-ray examinations. It is an additional procedure to the existing manual foreign workers' identity verification process using foreign workers' photo in their original passports.

Cooperation from employers is sought to ensure that foreign workers who have registered FOMEMA® medical examination to undergo the medical examination immediately at the selected panel clinics & X-ray centres as stated in FOMEMA® medical examination form.

The panel clinic / X-ray centre will log in into FOMEMA systems to check whether the foreign worker needs to verify the Biometric fingerprint. If the Biometric fingerprint verification is required, the clinic will scan the fingerprint of the foreign worker using a Biometric fingerprint reader. The fingerprint captured by the system reader will be sent online to the Immigration Department of Malaysia database (MyIMMS) for identification process via fingerprint matching in the database. Only foreign workers with confirmed Biometric fingerprint matching in the Malaysia Immigration Department database (MyIMMS) may continue with FOMEMA® Medical Examination.

If the foreign worker encounter problems during the Biometric fingerprint verification process at FOMEMA® panel clinics & X-ray centres, employer or FOMEMA® panel clinics / X-ray centres may contact at 03 2782 8777 or e-mail to cs@fomema.com.my for further assistance.

FOMEMA® employers or panel clinics / X-ray centres will also be able to obtain updated information on the status of implementation of Biometric Fingerprint Verification System, which will be uploaded from time to time on FOMEMA® Corporate website www.fomema.com.my as well as FOMEMA® social media pages on **Facebook** and **Twitter**.
